NASHVILLE, TN – October 15, 2021—Scott Brothers Global announced today the launch of Scott Living by Drew & Jonathan furniture exclusively

on [Wayfair.com/ScottLiving](https://www.wayfair.com/ScottLiving). Wayfair is one of the world's largest destinations for the home.

Scott Living by Drew & Jonathan, by design and renovation experts **Drew and Jonathan Scott**, is a rapidly expanding home goods line which includes furniture, mattresses, rugs, window treatments, wallpaper, textiles, bedding and more. This all-new new furniture line features three distinct collections composed of hundreds of products, with more launching seasonally. The brothers designed the collections with the idea that everyone deserves to live in a space that looks beautiful and feels exciting.

“We created Scott Living because we believe a luxurious home can and should be accessible to all,” Jonathan said. “All of our furniture fits perfectly in a variety of styles, allowing you to easily and affordably refresh any space.”

With designs that feature modern styles (Brentwood), classic heirloom looks (Hawthorn), and industrial ruggedness (Mesa), Scott Living furniture offers a wide-ranging assortment of quality and dependable home furnishings, including bookshelves, seating, bar carts, tables, beds and more.

From streamlined silhouettes to a refreshing and sophisticated mix of materials, Drew and Jonathan designed and developed the collection with families in mind.

“Scott Living is designed for real life,” Drew said. “We designed these pieces with the function you need, the look you want, and the durability you expect.”

Every piece in the collection is also backed by the brothers' 30-day Love It Guarantee: A no-questions-asked return policy based on Drew and Jonathan's commitment to ensuring that everyone is happy with anything they buy for their home.

Featuring hundreds of items, Scott Living makes it easy, affordable and fun to design your home. The brothers have created three distinct collections to fit seamlessly in any space while providing storage and function:

Brentwood

Brentwood blends old-world glamour with modern sophistication, through blackened metal, leather hardware, and luxe velvets. With ample storage solutions, Brentwood brings the total package of function, warmth and elegance to your home.

Hawthorn

Hawthorn presents heirloom designs that mirror cherished classics while complementing treasured curios. Hawthorn's brass accents, slim profiles and mixed materials combine to create refreshing, eclectic pieces that instantly turn any room into your new favorite.

Mesa

Mesa features reclaimed barnwood looks, blackened steel-and-lumber combinations, and a host of industrial elements that exude warmth and timelessness. With a wide range of strong, functional pieces, Mesa delivers sleek upholstery and streamlined silhouettes at a scale perfect for any room.

Highlights from the collections include:

BRENTWOOD

[Wilshire Bar Cabinet](#)

The Wilshire bar cabinet will become your one-stop shop for all libations, with storage and sophistication in ample supply. Bottle storage, stem holders and ample shelving will have you hosting a relaxed soiree in no time, or, if you prefer, give you the perfect night in.

Zuma Bookcase

The Zuma bookcase's sleekness starts with its one-box shipment and easy assembly, and extends and expands to a helpful six feet of storage in no time. Shelves are adjustable inside the double-door cabinet and out, with adjustable levelers that ensure your display fits your tastes and needs.

Brentwood Platform Bed

The Brentwood platform bed knows how to fit in and stand out, with a slim profile hosting plush vertical channeling across the headboard. Turn a good night's sleep from a luxury to the new standard.

HAWTHORN

Fulton Cocktail Table

Don't be alarmed if your guests continue to glide their hands over the Fulton cocktail table—after all, its mesmerizing bone and resin surface is just too captivating. A gold-tone iron base somehow is the second-flashiest feature of this showstopping piece.

LaSalle Side Table

The LaSalle side table is just as much physics as design, with a converging tripod of metallics into a classic modern top. A modern classic that perfectly encapsulates the Hawthorn ethos.

Wide Armchair

The Mason accent chair combines reliable construction with modern comfort to maintain any space's light, welcoming aura. A walnut-finished frame culminating in tapered legs reflect an attention to sophistication and detail.

MESA

Emmett Headboard & Bench

The Emmett headboard and bench aren't afraid to offer ruggedness and durability to your bedroom set, but don't get confused: you'll still be falling asleep in the security of sturdy construction and classic grid-button tufting.

Eugene Accent Chair

The Eugene accent chair presents a profile you'll immediately recognize: one that conveys relaxation at the end of the day, studious review of big plans, or immersion in a captivating novel. A continuous metal frame ensures this piece will remain a focal piece of your designs for years to come.

Helena Platform Bed

The Helena platform bed presents contrast without conflict through its chic gray velvet and gold-tone accents. Versatility is key with this piece, as any dream bedroom can be effortlessly designed with it as the centerpiece.
